

CareCredit finance plans

Smile Dental offers finance plans through CareCredit, a division of GE Money Australia.

In fact, Smile was the first dental practice to Queensland to do so.

CareCredit enables you to begin your treatment immediately, then pay for it over time, with flexible monthly payments.

CareCredit offers interest-free payment plans of 3 to 12 months, and extended payment plans of 24 to 48 months.

Please ask us if you'd like to know more.
