

Dr Cameron Arnold, BDS

Dentist & Smile Dental Principal

Townsville-born Dr Cameron Arnold graduated from the University of Queensland in 1988. He has practised dentistry in Townsville since 1990, establishing Smile Dental in 1998.

Dr Arnold is highly regarded-by his peers and patients alike-for his extensive knowledge, advanced technical skills and his very gentle touch.

With a wide range of special interests and expertise, Dr Arnold provides full-mouth dental care. He has completed numerous advanced study programs in Australia, New Zealand and America, in fields such as laser dentistry, neuromuscular dentistry, cosmetic dentistry and dental implants. He has completed training with the Las Vegas Institute for Advanced Dental Studies, both here and in America. He also regularly attends national and international dental conventions.

Dr Arnold is a member of the American Academy of Cosmetic Dentistry. He is assisted at Smile Dental by Louise Church and Jane Olsen.

Dr Arnold has a few fillings from childhood, but has been cavity-free since 1975. He had his wisdom teeth removed in 1986. He is currently receiving neuromuscular dental treatment to improve his bite.

Apart from state-of-the-art dentistry, Dr Arnold's passions include food and wine, travel and family. As of July 2007, he and his wife Sarah have five children: Thomas, Hamish, Charlotte, Harriet and Baby Beatrice.

Dr Arnold is a regular contributor to newspapers and magazines.
